

Integrated Continuous Biomanufacturing III
An Engineering Conferences Series

September 17-21, 2017
Cascais, Portugal

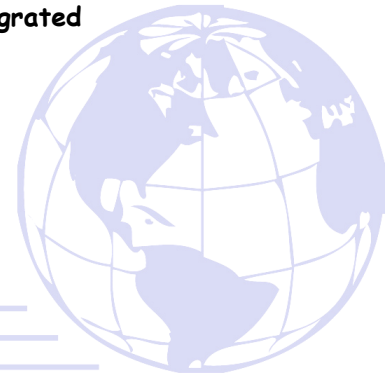

Outstanding Poster Awards

Fabian Feidl
ETH Zurich
Switzerland

"Digitalization platform and supervisory control of a continuous integrated bioprocess based on Raman spectroscopy"

Ana Margarida Azevedo
Instituto Superior Técnico
Portugal

**"Continuous extraction strategies for monoclonal antibodies:
From macro- to micro- scale"**

Outstanding Poster Snapshot Award

Suzanne A. Parker
Keck Graduate Institute
USA

**"Design of a novel continuous reactor for
low pH viral inactivation"**
